They Appreciate K.I.T. Club Letters

L/Sgt. Sid Wilkins, who was wounded on "D" Day and is now in hospital in England, in reply to letters written to him by the K.I.T. Club, says in part:

"Yes, your letters are very welcome over here. You can starve a soldier and make him sleep in a slit trench, in the mud, cold and rain; he grumbles, but he takes that as part of his job. But, when the mail comes in and is handed out, and you see a fellow walk away without any, he takes a beating far worse than anything you can do to him physically."

The K.I.T. Club is writing to all the boys overseas, and needs more help to write the letters. After reading the above, what about it?

Gnr. Lloyd Cipperley, who was also wounded on "D" Day, writes the K.I.T. Club that he is on his feet again.

Weddings

Sgt. JENKINS-Cpl. WILKINSON

A quiet wedding took place on June 25th, when Cpl. Marjorie Wilkenson, R.A.F., was united in marriage to Sgt. Denis Jenkins, R.C.A.F., son of Mr. and Mrs. Arthur Jenkins, Didsbury.

The wedding was held at Leeds, England, and after a short honeymoon at Devil Bridge, Wales, both returned to Eastmoor, where they are stationed.

Lee Sanderman Sells Farm.

A deal was made last week when Lee Sanderman sold his farm, on the edge of town, to Mr. Ben Krouger. This is one of the best equipped farms in the district, and has been in the Sanderman family since 1906, Lee buying it from his father in 1917. Mr. Sanderman leaves shortly for the Pacific Coast, on the outlook for a new location.

Beef Calf Club Exhibition and Sale

About 500 spectators watched H. E. Wilson, Lacombe Experimental Station, and John Wilson Jr., select the Grand Champion steer from calves shown by the Carstairs, Madden, West Didsbury and Grainger Beef Calf Clubs. This honor was won by a roan shorthorn weighing 900 pounds, shown by Lloyd Halstead of the Grainger club. He bought this steer when it was 5 months old, from Walter McCollister, Dalroy. This steer was a marvel of general balance, smoothness and finish, and brought the top price of the sale, when sold to Gordon Booth of Carstairs Meat Market, for 30¢, cents a pound.

A Hereford steer, shown by Loris Walsh, Madden club, was awarded Reserve Champion. It weighed in at 800 pounds and was sold for 21 cents a pound.

June Klinck won first in the Didsbury club, with a Hereford; it was sold to Safeways for 17 cents a pound.

Mary Sheehan, Carstairs, won first in that club with her Hereford calf, which sold to Safeways for 15¢.

Mr. Hugh McPhail, Olds District Agriculturist, supervised these clubs.

Carstairs Board of Trade sponsored this event, which was handled as efficiently as the Calgary Bull Sale.

Prices, after the Champion and Reserve were sold, ranged from 13 to 17, with heavyweight butchers weighing from 700 to 900, being favorites with the buyers.

Second in Didsbury was Don Robertson, sold to Safeways for 15.75. Mike Haener, 3rd, Short horn, sold to Katchen Bros., for 14 1/4 cents.

Don Robertson won 1st prize in the showmanship event, which was donated by Archie Boyce.

Local leaders of the Beef Calf Club, C. E. Reiber and Law's Drug Store, donated prizes for this club.

Other buyers were Carstairs Cold Storage Lockers, Burns, Calgary Livestock Coop., Kirby's Meat Market, Didsbury, Adams Wood & Wellier.

An Editorial

Voting for or Against?

Excerpts from Edmonton Bulletin

The confusion existing in some voters' minds, with three major political parties campaigning for votes on August 8, can be settled by looking at the record.

With all kindness to the many excellent candidates running for all parties the issue in this 1944 election is whether the Manning government is to be returned to office or defeated.

Premier Ernest Manning is young, able, honest and efficient. In fact his handling of Alberta affairs is the envy of every other province in Canada. Alberta has the most advanced social legislation—free cancer treatment, free T.B. treatment, free V.D. treatment and free hospitalization for all maternity cases. No other province provides such health services.

Alberta's school system is far in advance of every other province and is being further advanced year by year.

Alberta labor laws, minimum wage laws, workmen's compensation, etc., and what is vital, the enforcement of these laws for the benefit of employees is without equal in Canada.

Alberta pays the highest old age pensions permitted under the rules and regulations of the Dominion Government. The Alberta government has requested the Dominion government to raise pensions to \$50 per month and lower the age limit to 60 years, and do away with all unfair regulations.

Aid and protection to the farmers, to the limit of provincial powers, is unequalled by any other government in Canada.

Premier Ernest Manning has more progressive legislation to his credit than any other government in Canada. He is pledged to carry on the fight for monetary reform and is the only premier who submitted a brief to Ottawa on how to finance the vast changes necessary in post-war reconstruction. That brief was so timely and to the point that not one word of criticism has been heard against it.

THINK and then VOTE, August 8.

WHEN CANADA WAS FACED WITH WAR

EXTRACTS FROM THE OFFICIAL HANSARD REPORT OF THE SPECIAL WAR SESSION OF PARLIAMENT IN SEPTEMBER, 1939

The Social Credit Stand!

"... New Democracy aims to put at the service of the people the whole resources of Canada, whether that people be at peace or at war. It aims to achieve national security, whether we be at peace or at war. It aims to modernize and make efficient the instruments of production and distribution. New Democracy realizes that inefficient democracy means dictatorship. That is the danger which Canada faces today. In its way it is a danger as great as is the danger of defeat in war.

"Therefore, we urge the adoption of a law of national service so that all our resources of finance, industry and manpower may be put at the service of our country, so that there may be equality of service and of sacrifice."

JOHN BLACKMORE, Hansard, September 8, 1939

"... We have declared for equality of service and sacrifice, which means conscription of finance, industry and manpower. We as a party stand united for national service for complete efficiency. Everything must be organized and directed toward the quick and unquestionable defeat of the dictator of Europe. Pacifism will not defeat Nazism. Britons never will be slaves. That is why we demand the defeat of Hitler.

"He was not satisfied with the enslavement of his own people and the destruction of democracy in his own country. He embarked upon a war of aggression to destroy democracy in the other free nations of the world. He has challenged the British Empire, and that is why we have urged upon the government the necessity of universal conscription of finance, industry and manpower. This alone will ensure equality of service and sacrifice, which in turn ensures the maximum effectiveness of Canada."

J. C. LANDERYOU, Hansard, September 9, 1939.

"The New Democracy group has laid down the principle in Canada and in this House that when Canada is at war the whole of Canada is at war. You cannot conscript men and have industry and finance volunteer. You cannot conscript finance and industry and have men volunteer. This is a sound principle: it is an elementary principle of good business which it would seem imperative for this Parliament to accept. If we choose not to do so now, circumstances will eventually compel us to do so. I sound this solemn note of warning to the Government: that we cannot afford not to begin right. The experience of the last war, if it taught us anything, taught us that..."

A. H. MITCHELL, Hansard, September 11, 1939.

The C.C.F. Stand!

"... the Co-operative Commonwealth Federation believes that Canada policy should be based first on the fundamental national interest of the Canadian people, as well as on their interest in the outcome of war. Canada should be prepared to defend her own shores, but her assistance overseas should be limited to economic aid and must not include conscription of manpower or the sending of any expeditionary force."

"2. DEFENCE OF CANADA: Reasonable provision should be made for the defence of Canadian shores. Volunteers for home defence should not be required to sign also for overseas service. This practice, now being followed, is unwarranted and should be abandoned."

"3. NO MILITARY PARTICIPATION OVERSEAS: Any attempt to send a force abroad would rob us of the manpower necessary for the defence of our shores and for home production, would gravely endanger national unity, would threaten our civil liberties and democratic institutions, and would ultimately lead to conscription."

OFFICIAL STATEMENT OF POLICY, Presented to Parliament by M. J. Coldwell—Hansard, Sept 9th, 1939.

"The Co-operative Commonwealth Federation is opposed to military action overseas."

C. GRANT MacNEIL, House of Commons, September 11th, 1939.

"Canadians can do more to maintain freedom and democracy by being alive in Canada, than six feet underground in European soil."

HAROLD WINCH, C.C.F. Leader in B.C. Legislature—Speech at Vancouver, Sept 29th, 1939.

"We did not approve the sending of an expeditionary force overseas."

M. J. COLDWELL, House of Commons, May 20th, 1940 (One month before the fall of France)

"I am not sure that anything has been gained so far... because of the men Canada sent out of the country... the men could have been used to much better advantage at home."

**A FEARED SHORTAGE
OF COAL**

All those who have to do with
 coal in Canada, including the Gov-
 ernment Coal Controllers, have
 warned us that there will probably
 be a shortage of coal this coming
 winter.

If it is uncomfortable to live in a
 cold home in the city, it is still more
 uncomfortable to live in a cold home
 on these bleak prairies. We are
 told, however, that coal users them-
 selves can help to alleviate the coal
 situation by taking delivery of a
 good deal of their winter supply of
 coal this summer, preferably now.

Elevator Companies maintain coal
 sheds at most country points. If
 farmers take delivery of their coal
 now, these coal sheds would soon
 be emptied and new supplies can be
 rushed in to fill them. This would
 empty the storage places on the
 mines, and the operators, therefore,
 could proceed with more coal dig-
 ging this summer while labour is
 available, and when the railroads
 can make easier, quicker and more
 certain deliveries than they can
 during the cold freezing winter
 months. I venture to suggest,
 therefore, to all farmers, that those
 who will need coal this coming
 winter, should strain every effort to
 haul as much of their requirements
 as possible now, during these sum-
 mer months.

Lone Pine Notes

An enjoyable wedding dance,
 given by Mr. and Mrs. Joe Hunter
 on Friday evening, was well attend-
 ed by their many friends. Many
 lovely wedding gifts were presented
 to the happy couple during the even-
 ing, and we all wish them much
 happiness.

P.O. Lloyd Jenkins left for Eastern
 Canada on Sunday, after spend-
 ing a leave at his home here, and
 with friends in Calgary.

L.A.C.'s Lloyd Anderson and Tom
 Patterson are spending a furlough
 with relatives in the district.

Dr. and Mrs. Evans with son,
 Fred, were Friday supper guests
 with Mrs. Dorell and Fred Metz.

Mrs. Joe Clark spent several days
 last week with Calgary relatives and
 friends.

Stoker Jack Underhay left on
 Thursday, after spending his annual
 leave with the McCulloch family.

Notes From the West.

The last meeting of the Elkton
 Willing Workers was held at the
 home of Mrs. Romy. A comfort-
 er was tied for the Red Cross. The
 next meeting will be on Wednesday,
 August 9, at the home of Mrs.
 Gillies, when it is hoped to have all
 the things in for the ditty bag and
 clothing for a Greek child.

Mr. and Mrs. Hogg and Arnold
 returned home from a visit to the
 west coast, and were accompanied
 by Miss Vera Sanderman, who had
 been visiting out that way for the
 past month.

We are pleased to hear that Mr.
 Campbell is able to be up again,
 after an appendix operation.

Little Danny Russell was operated
 on for appendicitis last Friday.

Mr. and Mrs. Jack Bageshaw and
 family left on Saturday for points
 west.

Mr. and Mrs. Joe Kyncl visited
 with Mr. and Mrs. Banting on Sun-
 day.

Owing to the severe hail storm of
 July 12, plowing seems to be the
 order of the day on many farms in
 the Elkton district and east. There
 must have been a great demand for
 glass, as we understand 11 windows
 were broken in one house and 9 in
 another. Many farms were cleaned
 out 100 percent.

M. Campbell of Red Deer, was
 home over the weekend.

Mr. and Mrs. H. Papke spent the
 weekend with their daughter, Mrs.
 Getchen, at Westcott.

Re-enact Last Spike Ceremony

FIFTY-NINE years after he, as
 a boy, witnessed the driving of
 the last spike, completing the con-
 struction of the Canadian Pacific
 Railway Company's and Canada's
 first transcontinental railway line at
 Craigellachie, B.C., Col. Edward
 Mallandaine, of Creston, B.C., was
 an interested spectator as members of
 the Kinmen Club of Revelstoke,
 B.C., re-enacted the historic 1885

"last spike" ceremony as a highlight of
 Dominion Day celebrations in Revel-
 stoke. Proceeds of events sponsored
 by Kinmen during this period were
 applied to local charities, including
 the Kinmen Milk for Britain Fund,
 and the Revelstoke Civic Centre.
 From Montreal, the Canadian
 Pacific Railway Company forwarded
 to Revelstoke Kinmen the mallet
 used by Donald A. Smith (later Lord

Strathcona) to drive the last spike.
 This added further authentic detail to
 the reconstruction of the 1885 tableau
 which featured costume garments and
 flowing, home-grown beards.

Col. Mallandaine is shown at right
 congratulating the youth who im-
 personated him in the re-enactment
 of the "spike" ceremony, and in the
 background are Kinmen who partici-
 pated.

During Campaigns****... Make C.C.F. Minister
Think After Election**

The C.C.F. "Propaganda minister" promises BEFORE election in a big advertisement that the Ghost River Dam will be "socialized" and a program of rural electrification provided.

IT SOUNDS GOOD ...

But read in the same paper what Resources Minister J. L. Phelps of the newly elected C.C.F. government in Saskatchewan had to say on Friday, July 14th—AFTER he was elected—about electricity on farms.

"We face the same problem as the Liberal government ... WHERE IS THE MONEY TO COME FROM?"

... And he had no answer to this poser.

OF THE WEEK**

COMPARE ... the cost of raising hogs on GRAIN ALONE — against the cost and high profit of raising hogs on a smaller amount of grain, PLUS the proven SHUR-GAIN HOG CONCENTRATE;

It takes 1100 pounds of grain to raise one hog on GRAIN ALONE ... cost, about \$13.75. To this you must add the cost of maintaining the sow, about \$3.50 per weaned pig. A total of \$17.25.

BUT ... feeding the SHUR-GAIN WAY — you need only 700 pounds of grain, plus 50 pounds of SHUR-GAIN HOG CONCENTRATE. The total feed cost, including the cost of maintaining the sow is only \$14.05.

The difference between feed cost and selling price when hogs are fed on grain alone, is about \$2.75 per hog. **BUT THE SHUR-GAIN WAY makes the difference \$12.00 per hog—an EXTRA profit of \$3.25!**

Social Credit Offers Soldiers Free Land WHERE?

Let us ask you this question . . . Where, in your own district, do you know of land, that belongs to the government, that you would have your own boy settle on? Are there any decent quarter sections of good land you would conscientiously offer to a returned veteran?

Or are they going to hoodwink these young fellows and offer them land in the bush, or land that other settlers have thrown up as unworkable, or that came back to the province through taxes. Is this just ignorance or mere stupidity? Don't leave your post-war problems in the hands of ministers who are so lacking in their understanding of rural problems.
